

MONTESSORI ECEC PROFESSIONAL DEVELOPMENT WORKSHOP – SA

Saturday, 23 March 2013, 9:00am - 4:30pm

Revisiting Compliance with the NQS and EYLF – Barbara Langford and Christine Harrison

The morning session will revisit the NQS and EYLF offering participants the opportunity to share highlights, experiences and issues following assessment visits. In addition, MAF will assist with any ongoing concerns and queries regarding implementation and development of evidence. Following the workshops, MAF will develop a national strategy to enhance the Montessori sector's relationship with ACECQA and State and Territory regulatory authorities. Once again, assessors will be present from each State to address participants' queries.

Success in the School Environment – Joanna Butfield

Success in the school environment is much more than just having the right uniform and lunch box. Students who are well developed in the areas of physical, social, academic and emotional abilities transition into school and continue to learn (in the broadest sense) with greater ease than those without. This workshop addresses how teachers can enhance these critical areas of development and offers some practical strategies for identifying and managing children who may need additional intervention. It focuses largely on the area of self management, muscle skills, and language use and puts these skills into context alongside the 'academic' knowledge needed as a precursor for school success.
